

# INSTRUCTIONS FOR CREATING A COMPATIBLE PDF

All PDF's **MUST** be created or approved by IEEE PDF eXpress. After creating your paper submission, you must convert it to a PDF. All PDFs must be created in IEEE PDF eXpress. Please follow these **three** steps carefully and contact us if you should have any problems.

## STEP 1: Creating your IEEE PDF eXpress Account

<https://ieeepdfexpress.org/>

Enter the following contact information:

- \* Conference ID: **54003X**
- \* Email address (IEEE PDF eXpress will send notices to this address)
- \* Confirm email address (for confirmation)
- \* Choose a password (you will be asked to confirm this password on the next screen)

Click "Continue" and fill in the required information. The phone number is especially important, if a problem arises with email or Internet systems. Click Continue, and you should see the account confirmation on screen. You will also receive an email confirming the account setup. If you do not receive this email within 24 hours, contact [PDFSupport@ieee.org](mailto:PDFSupport@ieee.org).

Once you have created your account, you can login anytime to submit PDFs for Checking, or source files for Conversion to PDF.

## STEP 2: Uploading Files

Login to your account and click on the "Create New Title" button, located beneath the Title Status Table. Enter the title of your submission in the field provided, and then click either "Submit PDF for Checking" or "Submit Source File(s) for Conversion". The next screen will allow you to upload your file.

Acceptable File Types (Source File) for Conversion. IEEE PDF eXpress converts the following application formats to PDF:

- \* Microsoft Word
- \* WordPerfect
- \* Rich Text Format
- \* Freelance
- \* (La)TeX (A DVI and supported image files must be included in a compressed archive)
- \* PageMaker (images should not be embedded, included with main file in a compressed archive)
- \* FrameMaker
- \* Word Pro
- \* Quark (\*.qxd and images files must be included in a compressed archive)

At any time, you may alternate between submitting PDFs and source files for one title. You can convert 10 source files and check 3 PDF files with one Paper ID. **Never submit** a revision to an existing title by clicking Create New Title. If you use up all of your Checks and Conversions for a title, contact [PDFSupport@ieee.org](mailto:PDFSupport@ieee.org).

**Make sure that there are no** grammatical, spelling, or content errors in articles prior to submitting to IEEE PDF eXpress. Make sure that your paper format matches the template.

When your PDF is ready, you will receive an email with the IEEE PDF eXpress-generated PDF attached.

You may review the PDF attachment or view it through your IEEE PDF eXpress account. You will need Adobe Acrobat Reader 4.0 or later.

NOTE for online review: Some browsers cache the older version(s) of your PDF. To ensure that you are viewing the current version of your PDF, clear your browser's cache. To clear cache from the window displaying your PDF, select "View" from the browser's toolbar; press & hold the "control" key and select "Refresh" from the drop-down list.

You are responsible for reviewing your PDF to ensure it looks as it did in the source file you provided.

- **Pay close attention to special characters, as these may not convert correctly.**
- **Double check that your PDF paper size is A4. Some computers do not convert the size and you will have to manually correct the size.**

Printing your PDF and reviewing the hard copy is also recommended.

#### *Revising your Submission in IEEE PDF eXpress*

Click on the "Try Again" link for the paper you want to change. Remember that you may submit either a PDF or source file(s), until you reach the maximum PDF Checks/Source File Conversions, for that title. If you reach both maximums for a title, contact [PDFSupport@ieee.org](mailto:PDFSupport@ieee.org).

Never Create a New Title for a submission already in the IEEE PDF eXpress database!

#### *Requesting a Manual Conversion*

If your IEEE PDF eXpress-generated PDF is showing errors not found in the source, you can Request a Manual Conversion. You will be asked to provide specific information about what is wrong with the PDF (include figure and page number references, etc.) Your source file will be sent to our Technical Support team for special handling.

The Request Manual Conversion link becomes active once the PDF conversion is complete.

### **STEP 3: Submitting Your Approved File**

When you receive an acceptable, IEEE PDF eXpress-compatible PDF, submit this final PDF to:
